— 2026 — REFERRAL PARTNER PROGRAM

WHO YOU'RE PARTNERING WITH

Tony Hildén

CEO & Founder, LocalEnhance

"Almost every one of our best clients arrived through someone who already trusted us. This program is our way of making that worth your while, too."

LocalEnhance runs local SEO, GEO (AI-search visibility), review generation, content, and websites for 140+ businesses across the Philippines — restaurants, resorts, clinics, gyms, and more.

Referrals already built most of our client base. This program formalizes it: a fair, transparent, 12-month recurring commission, tracked in our own CRM.

WHAT YOUR CONTACTS ARE UP AGAINST

Signs a business is *losing ground.*

If a business owner you know complains about any of these, that's your opening — and our job to fix.

INVISIBLE ONLINE

"Customers can't find us"

Outdated hours, no photos, no posts — while the competitor down the street shows up first on Maps.

BLEEDING TO COMMISSIONS

15–25% to Booking / Agoda / GrabFood

Every order or booking through a third-party platform is margin handed away.

REVIEWS, IGNORED

Few, old, or badly managed

70%+ of consumers say reviews and profile accuracy are crucial to where they choose to go.

ABSENT FROM AI SEARCH

Invisible to ChatGPT & Gemini

When customers ask an AI assistant for a recommendation, businesses with no GEO presence simply aren't mentioned.

WHAT LOCALENHANCE ACTUALLY DOES

The in-house team most owners can't *afford to hire.*

Done-for-you, every week. The owner
does nothing — we run all of it.

Google Business Profile — managed, not just set up.

Weekly SEO-tuned posts, review generation with AI-assisted responses, and GEO work for AI-overview & ChatGPT visibility.

- Weekly SEO-tuned posts
- Review generation + AI-assisted responses
- GEO — AI-overview & ChatGPT visibility

Website — fast, built to convert

Technically sound, built to turn search traffic into calls and visits — not just a brochure.

Direct bookings — less reliance on OTA fees

Customers book straight through Google instead of paying a 15–25% platform cut.

Reporting — plain-English, monthly

Proof of what changed, in language the owner (and you) can actually read.

WHAT'S RUNNING UNDER THE HOOD

We don't just post. We *build the systems.*

Every capability here started as a live experiment on **labs.localenhance.com** — our public R&D layer. What proves out becomes real client work — today running **~40 automation jobs a day** across reporting, dunning, and posting, every one human-approved before it goes out.

AI Concierge

Live on a clinic client's site, booking consults from a 20-topic knowledge base.

Review Desk

AI-drafted replies across reviews, WhatsApp, and email, tone-matched, human-approved before anything sends.

Bulk Post Engine

300+ Google posts auto-published across a 13-branch client, proven at scale.

Custom AI Ops

Churn-risk scoring, finance, HR, and bid-response agents — built to order for our largest accounts.

WHO TO LOOK FOR

Spotting a good referral takes under *30 seconds*.

Restaurants, cafés & bars

Our strongest category, deepest book of proven results. Best fit: 5+ staff, one location or a small group.

BEST TO HUNT FIRST

Hotels & resorts

Real OTA-commission pain, strongest in tourist hubs like El Nido, Siargao, Boracay. Multi-location groups are a dream referral.

HIGHEST VALUE PER CLIENT

Beauty, wellness & clinics

Highest MRR per client — "near me" discovery decides the winner. Strong retention once results show.

HIGHEST MRR PER CLIENT

Also strong — gyms & fitness · real estate · retail with foot traffic · professional services

ONE ROLE, KEPT SIMPLE

How you *partner with us.*

This program has one job: turn a warm introduction into recurring income for you, with zero ongoing work on your end. You know local business owners — as a supplier, an existing client, a friend, or just someone in the industry. You make a warm introduction. We run the audit, present the plan, and close the deal if it's a fit.

✓ No pitching, qualifying, or closing required — the intro is the whole job

✓ 10% of the retainer, paid monthly, for the client's first 12 months

✓ Paid only once the client actually pays — never on a lead that doesn't sign

✓ Nothing stops you from sending the next introduction right away

Run a marketing or creative agency instead, and want to resell LocalEnhance under your own brand? Ask us about that separately — it's a different conversation with different terms.

THE MECHANIC, IN PLAIN NUMBERS

10% of the retainer. *Every month.* Their whole first year.

Paid **only once the client pays** — never on a lead that doesn't sign. Twelve full months of recurring commission per referral, and nothing stops you from sending the next intro right away.

WHY PARTNERS STICK WITH THIS

Built to be worth *your reputation.*

01

Proven results

Real, named businesses — not vague promises.

02

12 months, recurring

Not a one-time bounty — real recurring income per referral.

03

Zero cost, zero effort

You make the intro. We do the rest — the audit, the pitch, the delivery.

04

We do the qualifying

The free audit filters good fits from bad — you never have to pitch or sell.

YOU DON'T NEED TO PITCH

Send the *intro.* We'll do the rest.

Three questions tell you it's a good fit: is it a real, established local business (5+ staff) in the Philippines, in a target industry, and could they spend roughly ₱10k+/month to get more customers? Yes to all three — send it our way.

"Hey [Owner], you should talk to LocalEnhance — they get businesses like yours showing up first on Google and Maps and handle all of it for you. Want me to connect you? Free audit, no pressure."
